HERBERT REGION RATOON STUNTING DISEASE WORKSHOPS

The RSD workshop is developed for Herbert region growers and planting contractors.

The purpose is to provide growers and local industry with information on RSD including:

- What it is
- How it is spread
- What this means for an individual farm and the industry.

A workshop booklet will be issued to attendees. The booklet will provide tools to develop an RSD management plan in consultation with SRA and Herbert Cane Productivity Services Limited (HCPSL).

When: Tuesday 12 April 2022
for planting contractors: 8.00am – 11.00am
for growers: 1.00pm – 4.00pm

Where: Herbert SRA Station
181 Fairford Road, Ingham

RSVP: Lynette Clerc **0459 862 773** or email
lclerc@sugarresearch.com.au by 8 April.

Delivered in partnership with
