

# TISSUE CULTURE ORDERS

## (2026 AUTUMN DELIVERY)

**Notice to growers wanting to place tissue culture orders for Autumn 2026 delivery.**

If you're wanting the newly approved SRA48 and SRA32 on your farm in 2026 ordering tissue culture is the best way to ensure you get them.

Cost per plant is currently \$2.10 and \$2.60.

All other varieties approved for planting in the Herbert can also be ordered as tissue culture for pick up in Autumn 2026.

**Orders must be placed with HCPSL by the 25<sup>th</sup> of June 2025**

Please contact Rhiannan Harragon at HCPSL on 0490 905 367 or the HCPSL Office on 4776 1808 to place your order.

Disclaimer – HCPSL cannot guarantee the tissue cultured plants to be free from smut or other diseases, nor can we guarantee that smut will not infect the cane upon delivery. HCPSL takes no responsibility for orders not delivered due to the fault of the supplier or grow-out nursery. The buyer takes full responsibility for ordering tissue cultured plants that are not approved at the time the order was placed, he/she also takes responsibility for the tissue cultured plants after they are delivered.

The PBR Licence terms and conditions published on [www.sugarresearch.com.au/xyz](http://www.sugarresearch.com.au/xyz) apply to all receipts of Sugar Research Australia cane plants and tissue-culture material. By taking delivery, collecting, or otherwise obtaining any of these materials you accept and agree to be bound by the PBR licence terms and conditions as they appear on the website above.
